

# June Term Independent Proposal

Completed Proposal is Due April 28, 2023

June Term gives students the opportunity to explore deeply an area of study that has sparked their curiosity and interest. June Term is a key element to inspiring students to become life-long learners and to follow their passions. It is also an excellent time to conduct student internships and CAS activities in an independent June Term program initiated by the student. Independent June Term programs must be supervised by an adult mentor. The student should plan to spend at least 3 hours per school day working on this activity. The work is done off-campus under the supervision of the mentor. Independent proposals that involve travel can be proposed but are equal in credit to a full-day course. Deliverables will be assigned by the Head of School and are due on June 9.
