DEAR PARENT/GUARDIAN,

I am looking forward to this production and working with the students of West Sound Academy. I invite you to be a parent volunteer on this production. If you have time to share with students either working on one of the production elements for the show or helping with front-of-house responsibilities the weekend of the show, please email me at gnordleaf@westsoundacademy.org or fill out the form below and I will contact you at my earliest opportunity.

As I explain to all of my students – ***theatre is not about one person and it does not happen by itself.*** It is about an ensemble of people creating a production and that includes parent participation. In order for a production to successfully take place, it takes several people behind the scenes to put a group of actors on the stage with a set, in costume and make-up, and an audience in the seats.

I encourage parents to join us for a fun and exciting production and to support their student's involvement in the program by volunteering on workdays or in another capacity we may need.

BEST REGARDS,

Ms. Nordleaf

WSA Theatre Director
